HARVEST RIDE - Sep 25th –

REQUEST for participation in PUMPKIN FEST – Saturday, Oct 15, 10am parade starts

On October 15th the City of Ukiah will be holding the Pumpkin Fest parade. I was wondering if the McARCS group would be interested in helping with this event.

It would be very beneficial to have your group assist with traffic communication during the event. The Ukiah PD would like your group to use their HAM Radio Station in the PD as your Command Post, they said it has not been used in a long while and needs to be tested.

We would be looking for your team to be stationed at the beginning of the parade, middle and end (throughout parade depending on how many can attend) to keep communication going on how the parade is moving along and if there are any incidents.

If you think your group would be interested please let me know and we could set up a meeting to discuss the event.

Thank you for your consideration – Tami Bartolomei
